

Warm-up Information for North District Sprint Swimming Championships 2025

The warm-up periods are reserved for competitors taking part in the following session. Swimmers, coaches and team managers must follow instructions of the warm-up procedure during the warm-up periods and follow the instructions of the announcers and warm-up supervisors.

Please note the warm-up periods and start practice **in the competition pool** have been segregated by age to ensure we comply with the conditions of the facility. Age is swimming age ie age at 31 December, not age on day.

12 swimmers per lane is the maximum permitted in the competition pool

10 swimmers per lane is the maximum permitted in the competition pool

All 10 x 25m lanes in the competition pool will be available for warm up sessions only. Please ensure that there is as even a spread of swimmers across the pool as possible.

The swim down pool will be available throughout the meet, including the warm-up periods for continuous swimming only ie no starts. 9 x 25m lanes will be available during warm-up periods, and 8 x 25m lanes for swim down when racing is taking place. This facility may be withdrawn if it is misused.

The diving pool is not available for this event as it is being used for other public activities. Please be aware of and be respectful towards other users.

Large paddles and fins are not permitted in any warm-up period in the competition pool. Please do not climb out over the pads.

All aspects of the warm-up periods are subject to operational changes if that becomes necessary.

General Warm-up

For the first ten minutes of each warm-up period, and unless designated as a sprint lane, in the competition pool, swimmers will swim clockwise in odd numbered lanes and anti-clockwise in even numbered lanes.

In the swim down pool swimmers will swim in the direction on the lane direction signs and as the diagram overleaf.

Dive Start and Backstroke Start Lanes

During each warm-up period, when ten minutes of general warm-up has passed, start lanes will be provided in Lanes 0, 8 and 9 with more lanes being used as demand dictates. Swimmers must exit the pool at the boom. Lanes will be allocated as follows:

- Lane 0 will be a backstroke start lanes with a backstroke starting device employed for sessions where the swimmers in that session will have events with a backstroke start. Where no backstroke start practices are necessary this will be a dive start lane
- Lane 1 will be added as a backstroke start lane/dive start lane if demand dictates
- Lanes 7 and 6 will be added as sprint/start lanes if demand dictates
- Lanes 8 and 9 will be dive start lanes – swimmers must exit at the boom
